CROSS COUNTRY

Regional cross country meets will be held on Saturday, October 28. Three separate classes will again be included this year. The top 56 schools in enrollment will be classified in AA, the next 64 in A, and the remainder in B.

The State Cross Country Meet will be held at Wamego on Saturday, November 4.

Regional sites, assignments, starting time, etc., will appear in the October Journal.

Schools entering will find the entry forms in the KSHSAA Entry Form and Supply Book.

Regulations for Cross Country

Regulations now provide that cross country practice may not start before Monday of the week in which September 1 falls and shall terminate with the state meet. No students or team representing a member high school shall participate in more than seven cross country meets during a season, exclusive of the regional and state meets. Practice may start on Monday, August 28, this year.

Cross Country Manuals Available

Five years ago, copies of the Kansas Cross Country Manual, as compiled by the Kansas Coaches Association Cross Country Committee and published by the KSHSAA, were mailed to all schools participating in cross country. This manual has been revised and will again be mailed to all participating schools in September. Other schools may receive this publication without charge by writing to the Association office.

This manual contains details on the following: meet mechanics, meet organization, officials and duties, chute and positions of officials, information sheet mechanics and course requirements and materials necessary for a meet. We recommend that all schools follow the standardized procedures for running off a cross country meet as outlined in this manual.
